

Career Education

Automotive Technology-CP

The Automotive Technology program is designed to give students a working knowledge in the ever expanding field of automobile service and repair. This field has become so specialized and technical that demand for trained technicians increases daily.

The instruction, course of study, facilities, and equipment of this institution have been evaluated by the Automotive Service Excellence (ASE) Education Foundation standards of quality for the training of automobile technicians. We are certified in all eight areas of automotive technology.

The shop is equipped with state of the art diagnostic equipment and the latest in technical publications to enhance student training. Graduates of this program may find employment as technicians in specialty shops, independent garages, fleet garages, and auto dealerships.

Certificate of Proficiency Automotive Technology Total Program = 18 Credit Hours

The fourth digit in the course number indicates the number of credit hours.

Requirements - 18 hours

Requirements	Department
