

Career Education

Computer Information Systems-TC

The Associate of Science degree in Computer Information Systems is awarded to students who complete all core, major, and related requirements. Some programs require specific courses or have certain prerequisites which will also fulfill College Core Requirements. Technical certificates are available for those students who desire preparation for more immediate entry into the work force.

Technical Certificate Computer Information Systems Total Program = 30 Credit Hours

The fourth digit in the course number indicates the number of credit hours.

Requirements - 30 hours

Requirements
