

Career Education

Power Sports Technology-CP

The Technical Certificate in the Power Sports Program prepares the individual to obtain marketable Power Sports skills. It is designed to give students a working knowledge in the expanding field of Power Sports service and repair. Students will be trained in the repairing and maintenance of recreational vehicles, some small engines and small marine equipment. Students completing this course should be qualified to find employment in the field of Power Sports.

Certificate of Proficiency
Power Sports Technology
Total Program = 9 Credit Hours

The fourth digit in the course number indicates the number of credit hours.

Requirements - 9 hours
