

## Math and Science

### Pharmacy Technician-CP

The pharmacy technician science program enables graduates to gain basic and intermediate level competencies in obtaining employment in multiple pharmacy settings such as hospital, retail, mail order, institutional operations, compounding pharmacies and home infusion IV centers. Pharmacy technicians work under the direction of licensed pharmacists in preparing and dispensing medications and other healthcare products to patients. Certificates of proficiency are available to those students who desire preparation for more immediate entry into the workforce.

People interested in the Pharmacy Technician Program must complete all ASU-Beebe entrance requirements, have the appropriate ACT, Compass, ACCUPLACER, NEXT GEN ACCUPLACER, or SAT score(s), have a clean background check, instructor approval and complete the application into the program. Program applications may be requested from the program director or at [www.asub.edu](http://www.asub.edu).

### Certificate of Proficiency Pharmacy Technician Science

**Total Program = 18 Credit Hours**

*The fourth digit in the course number indicates the number of credit hours.*

### Requirements - 18 hours
